UNCLE SAM GOING OUT OF THE FISH BUSINESS AS A PARTNER OF JOHNNY BULL.

NO CHANCE OF SAVING THE OBERON.

UNITED STATES SENATORS ELECTED.

ROYALTY IN DISGUISE--"TRAVELING INCOGS."

WASHINGTON, Jan. 21.—In executive session of the senate this afternoon, Edmunds delivered an elaborate speech in advocacy of the resolution submitted by him, which provides for the termination of so much of the treaty of Washington as relates to fisheries, by giving the notice required by its provisions. The resolution was referred to the foreign relations committee. According to present appearances, it will be adopted by the senate without opposition, and President Hayes will promptly thereafter give the required notice to the government of Great Britain.

New York, Jan. 21.—A Queenstown telegram says that there is no chance of saving the steamship Oberon, from New Orleans for Liverpool, and stranded off Kinsale. A certain amount of cotton and oil-cake has been saved. It is blowing a gale and rain is falling in torrents.

SAN FRANCISCO, Jan. 22.—The following persons have been elected to seats in the United States senate by their various state legislatures yesterday: J. Don Cameron, Pennsylvania; Roscoe Conkling, New York; O. H. Pratt, Connecticut; Dan Voorhees, Indiana; John A. Logan, Illinois; Wilkinson Call, Florida; Gen. James Shields for the short term, and G. G. Vest for the long term in Missouri.

TORONTO, Jan. 21.—The governor general and Princess Louise, traveling incog., arrived to-day at Niagara falls.

—"The Bible is a strange book," said an infidel objector to an aged minister. "A wonderful book," was the reply. "It has some strange characters among its saints," said the objector; "such as David and Solomon. If such men lived in our day we would say that they deserved to be sent to state prison for life." "Worse than that," replied the minister. "If they got what they deserved they would be sent to hell forever. But you probably are mistaken as to the object of the Bible. It is not meant to show how good men are, but to show how the grace of God brings salvation to the very worst of men, and makes saints out of the vilest sinners."

Dress Cutting and Fitting.

Miss E. C. Benedict begs respectfully to inform the ladies of Astoria and vicinity that she may be found at the residence of Mrs. T. S. Jewett, corner of Astor and Cass streets, opposite the Congregational church, prepared to teach Mrs. E. K. Renker's system of dress cutting and fitting, which is considered by judges to be the best system known, as by it the skirt as well as the waist is made perfectly fitting.

Keep your blood pure and your health must be good, the great purifier is Plunder's Oregon Blood Purifier. All Astoria druggists have it now.

Mr. A. H. Sale authorizes us to offer a reward of \$100 for evidence which will lead to the arrest and conviction of the person or persons who took his boat "Josephine" from the old mill landing on Youngs bay and left it on the tide land above Richardson's place. The act was committed on or about January 11th, or 12th, 1879.

"Do hogs pay?" asks an agricultural correspondent. We know of some that don't. They subscribe for a paper, read it for a few years for nothing, and then send it back to the publisher with the P. M.'s inscription, "refused." Such hogs as that pay nothing to anybody, if they can help it.

OREGON EXPORTS.

REVIEW of SHIPMENTS FOREIGN AND DOMESTIC, for TEN YEARS.

The exports of Oregon, says the Centennial circular of 1876, average \$378 00 to every man in the state. It is more than that now, annually. Oregon wheat, wool, Flour, Salmon, Fruits, and vegetables, command from 5 to 10 per cent. higher price than those from any other country—with a population of 40,000 men her export equals one seventh of the total export of the United States. Truly, such a state is not a poor state to live in.

In the preparation of the following statistical tables we have spared neither pains nor labor. We have sought and procured information from every source, and have at last what we believe to be a reliable showing of all the Wheat and Flour exports of Oregon by annual seasons, since August 1868. Statistical information of this kind can only be obtained correctly at a point where all vessels going out of the Columbia river may be spoken, after they are fully loaded. Correct and reliable information of this sort we expect to give more fully if possible in future than in the past, thus making THE ASTORIAN the reliable paper of the Shipping Statistics of Oregon. These tables will be followed by others, detailing the general commercial features of each succeeding harvest year.
